

Authenticate Vaccination Policy

Proof of full COVID-19 vaccination and a completed health survey are required to attend Authenticate 2021 in person in Seattle.

In accordance with the Centers for Disease Control (CDC), people will be considered fully vaccinated 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine.

Your health and safety are important to us

The Authenticate team has retained a Pandemic Compliance Advisor (PCA) and will be adhering to all venue, local and CDC guidelines to ensure a healthy event. This includes the statewide mask mandate that was expanded to include vaccinated individuals in indoor settings as of Monday, August 23. We are working closely with our venue to properly sanitize each space between sessions, meetings and meals. We will also have sanitation stations set up throughout the conference space.

How to provide proof of vaccination

To make check-in at Authenticate as seamless as possible, we are using CLEAR's Health Pass app to validate vaccination statuses before and during the event. Details on this process are included below.

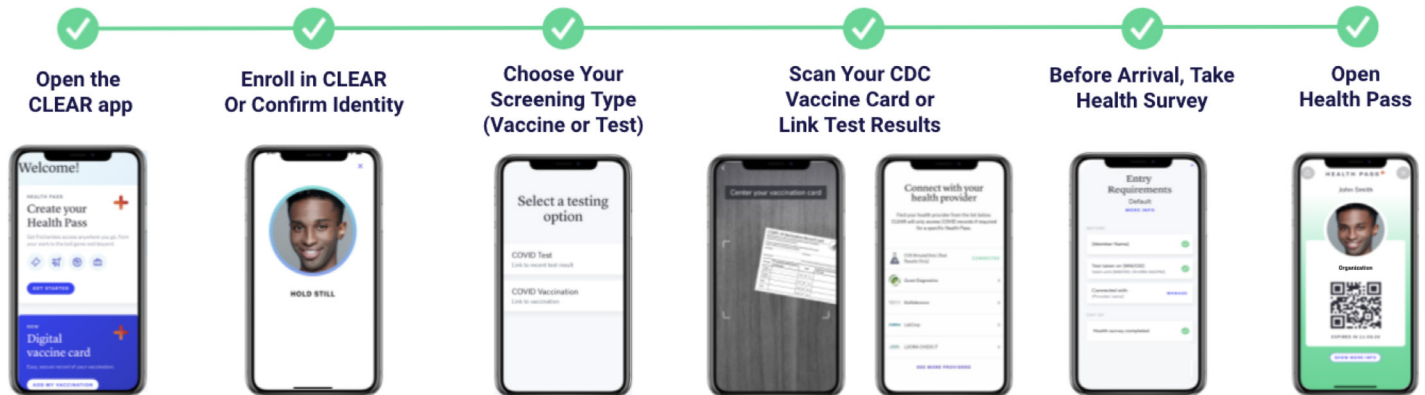

We strongly encourage in-person attendees to complete their vaccination validation with CLEAR before arriving at the event. If you need assistance with this process please reach out to our PCA at authenticatepca@fidoalliance.org.

What to expect at check-in

Upon arrival at the event, you will check in with the PCA using your CLEAR app before visiting registration. This process will be quick and easy — they will scan the CLEAR QR code, which will quickly validate your vaccination and health survey statuses, and you will be directed to registration to retrieve your badge.

Health Pass by CLEAR

Please follow these instructions to set up your Health Pass by CLEAR account. To complete this process you will need your: **Government-issued ID & Vaccination card**

Do Today!

1 Download and enroll in CLEAR

WATCH A DEMO: [CLEAR Health Pass Demo Video](#)

1. Download CLEAR for free from the app store and complete the one-time enrollment
2. On the HOME tab, select “Add My Vaccination” and follow the prompts to securely enter your proof of vaccination. For this you will need your government-issued ID and your vaccination card

One Week Before Authenticate

2 Create your Health Pass

Two weeks before the event we will send you a code to complete this step.

1. Open the CLEAR app and select “Get Started” in the “Create your Health Pass” block
2. Click “Have a code?” and enter the code EFATTENDEE38 to register your vaccination status with Authenticate’s PCA

The Day Before or Morning of Authenticate

3 Complete the required health screen before arriving at the event

Open the CLEAR app and access the Authenticate event

1. Complete the health screening.
2. NOTE: If you answer “YES” to any of these questions you will be unable to enter the event. If you select “YES” by mistake you will need to contact authenticatepca@fidoalliance.org for assistance.

FAQ

I do not feel comfortable giving CLEAR my personal information. How do I proceed?

You may show the on-site PCA your physical vaccination card to be validated. For the first day of the event, you will also have to fill out and sign a health screening before checking in at the registration desk.

Will photos of vaccination cards be accepted?

We will not accept photos of your vaccination card to attend the event. Please bring the physical card if you are not planning to enroll in CLEAR.

I am unable or choose not to get vaccinated — can I still attend?

We are pleased to provide a full hybrid experience for Authenticate that will be equally immersive for both on-site and remote attendees. Those who cannot provide evidence of vaccination are encouraged to take part in Authenticate remotely. If you have other extenuating circumstances and wish to be considered for on-site attendance, please contact authenticatepca@fidoalliance.org who will determine if a suitable approach can be found that would ensure the safety of conference attendees.

Do you accept other digital forms of proof of vaccination?

Our preference is for all attendees to leverage Health Pass by CLEAR. If you have another form of digital vaccination record, please let us know in advance by contacting authenticatepca@fidoalliance.org.
