June 2-3, 2026
Grand Hyatt Singapore

About Authenticate

Authenticate is the industry's only conference dedicated to user authentication – with a focus on phishing-resistant authentication with passkeys. Authenticate brings together CISOs, business leaders, product managers, security strategists and identity architects to share expertise and get the tools to roll out passkeys, while gaining a deeper understanding of the technologies and approaches to secure the broader identity and access management lifecycle.

The FIDO Alliance-hosted Authenticate APAC Conference will deliver high-quality content and vibrant community of professionals committed to advancing passkeys and related technologies to create a more secure web.

Join us at Authenticate APAC 2026 and be part of shaping the future of digital identity and security.
